Springfield (Ill.), April 14th.—The annual Lincoln memoral exercises will be held in the Capitol to-morrow. The deepest interest is being manifested in the approaching exercises in honor of the martyred President, on account of revelations which are expected to be made relative to the disposition of the body of President Lincoln, after the attempt was made in 1876 to steal the body from the sarcophagus under the Lincoln monument, in which it was placed. The facts, as near as could be ascertained by your correspondent, and which will be brought to light to-morrow in an address to be made by Clinton L. Conkling, one of the Lincoln Guard of Honor, are as follows: Springfield (Ill.), April 14th.-The an-

Speaking to an assemblage of 2,500 persons, Chamberlain said: "The opponents of the crimes bill have made an outcry against the repression of liberty. Liberty to do what? To commit theft, to ruin industrious men, to outrage women! [Hisses, mingled with cheers.] What are you hissing, the crime or the punishment?"

Here a man, rising and menacing Chamberlain, cried: "It is not characteristic of the Irish to outrage women!"

FLO ER FESTIVALS AND A CHAL-

Los Angeles has inaugurated, under most flattering auspices, a magnificent Flower Festival, and on the opening night some 8,000 people were in attendance, fully half of whom are visitors to the State from the East. The fair is reported to be a very brilliant one, and we have not the least doubt of it. No country can surpass California in floral wealth. Three years ago Sacramento held a floral festival, which was on all sides admitted to exceed in extent and richness anything of the kind "ever before attempted," as the show-"Rose Fair," it is conceded, was eclipsed by this floral exposition, and the most noted examples of flower shows are dwarfed by convergence with it.

AT THE GOLDEN EAGLE HOTEL, SACRAMENTO, THURSDAYS, UNTIL FURTHER NOTICE.

CATARRH, HAY FEVER, CATARRHAL DEAFNESS

WHAT IS CATARRH?

Catarrh is a muco-purulent discharge caused by the presence and development of a vegetable parasite in the internal lining membrane of the nose. This parasite is only developed under favorable circumstances, and these are:

Morbid states of the blood, produced by any condition that impairs the general health and reduces the tone of the system, overwork, mental worry, living in damp and malarial districts, the rapid change of temperature from heat to cold, so peculiar to the North American climate, suppressed perspiration and retention of the effete matter of the skin, badly-ventilated sleeping apartments, courses of poisonous drugs, such as mercury or quinine, the germ poison from known that lives upon organs; structurely in the blood.

These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fances or back part of the mouth, causing ulceration of the throat; up the custachian-tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

A great variety of symptoms are present in this affection, consisting chiefly of languor, lassitude, debility, mal-assimilation, derangement of secretions, great depression of the nervous system, with or without fever; aching; bruised or beat feeling all over; shivering; a dull head ache in the region of the forchead or sensation of fullness or weight about the root of the nose; loss to a greater or less extent of energy, activity and interest in work and pleasure.

The want of proper exerctory functions of the structure of the parasite defined with Catarrh, and throat; up the child of propagate with the germ parasite, but bronchial or pulmonary consumption of the less of the parasite of the pa

There may be a discharge quite heavy if the parasite causes great nervous irritation, which promotes secretion. It may be dry if the multiplication and duplication of the parasite is active. The increased pungent odor of ozoena is never present until the spores or roots of the germ penetrate to the cartilages of the nose, then the parasitical formation makes rapid inroads into the healthy structure of the uose.

Catarrh is usually met in three stages: First—A simple parasitical development of the internal lining membrane of the nose, with or without discharge. Second—Where the roots or spores or sporules of the parasites have penetrated to the bone or cartilage-ozoena. Third—Where the parasite has spread and propagated by millions in the nose, posterior nares, up the eustachian-tubes, down the fauces, vocal cords and bronchi, causing excessive parasitical usurping the normal structure.

The mode of propagation is by contagion, or infection, or both—hence its prevalence in families, districts, etc. The parasite develops itself rapidly, so much so, that millions are elaborated in a short space of time. The effect of this formation upon the nervous system is to impair vital force, produce general nervous irritation, a depreciation of the vaso-motor nerves. Cold in itself cannot produce Catarrh, it simply produces an irritation, a field for the propagation

THE "RECORD-UNION" IN WOOD-

The RECORD-UNION now arrives in Woodland about 6 o'clock A. M .- in time to be on the breakfast table of subscribers, and consequently six hours, or thereabouts, ahead of the San Francisco papers. As the news facilities of the RECORD-UNION are second to none on the coast, this early delivery will, no doubt, be appreciated by our subscribers in that thriving town. Mr. Berg, the agent, will have the papers delivered promptly upon arrival, in the backs had been broken and the laware loosened. and subscribers are requested to notify this office if there is any delay in service.

HOUSEHOLD REMEDIES -OF THE-

"SARSFIELD" REMEDIES CO.

SARSFIELD'S REMEDY for the Blood and Constipation!
SARSFIELD'S REMEDY for Diphtheria and Pneumonia!
SARSFIELD'S CHRONIC ULCER SALVE!

The people of the Interior will remember that a few years ago, J. P. SARSFIELD, of Sacramento, became fortunately possessed of certain valuable remedial agents. With these he effected in Sacramento and Central California remediat agents. With these he elected in Sacramento and Central California remarkable cures, and drew the approving attention of many physicians. So widespread became the **fame of his remedies**, that business men were convinced of their entire reliability, and of the truth of the **marvels** they accomplished. The result has been the formation of a Company to aid him in putting these needs for suffering humanity broadly upon sale. The Company has its Depot at No. 115 EDDY STREET, SAN FRANCISCO, but the medicines can be had of all reputable

The making of Certificates has related so largely to fraud, that the public has naturally grown suspicious of them. But those here referred to are by such prominent citizens, of such irreproachable character, and the cures are so well known, and the witnesses so easy to reach, that we make the references with-

MRS. H. C. GOODRIDGE, 28 Hawthorne street, nine years in bed with Chronic Ulcers and unutterable pain, and abandoned by physicians. Permanently cured in less than four weeks. Certified to by Mrs. Sarah B. Cooper, the well-known philanthropist and President of the Kindergarten Association, San Francisco.

FRANK CASSADY, Petaluma, Severe Hip Disease, over a year's standing. Cured permanently in thre months. Certified to by his uncle, Hon. James Denman, San Francisco, the widely-known and popular educator.

MRS. M. A. ADAMS, formerly of Sacramento, completely cured in four weeks at the restdence of her brother, Benj. Welch, Master Car Builder, S. P. C., Sacramento, of Running Sore on the arm, of eight years' standing, and that had nearly sapped her life MRS. L. P. ANDERSON, 710 Eleventh street, Sacramento, Swollen Limb of long standing. Cured in seven weeks.

W. S. DOAN, Sacramento, 33 years of Fever Sores. Cured in forty days. Certified to by Wm. Gutenberger, ex-City Trustee, Sacramento; Alex. Neilson, John Driscoll and H. G. F. Root, proprietors Union Foundry, Sacramento, and others.

JACOB OLSEN, Sacramente, speedily cured of a Chronic Ulcer. JAS. McCORMICK, Vice-President Bank of Redding, eight years' suffering from worst character of Rectal Ulcer. Permanently cured in three and one-half months.

[Note.—Nearly all these testimonials include reference to use of SARSFIELD'S BLOOD REMEDY, as well as of the ULCER SALVE.]

W. A. DEAN, brother-in-law of M. H. DeYoung, of the San Francisco Chronicle, cured of aggravated Fistula in five weeks.

W. B. FITCH, Lincoln, Placer county, thirteen years of Hip Disease, cured in 11 months. [Was treated surgically ten years and given up by surgeons.] Mr. Fitch's brother was cured of Rheumatism of two years' standing by use of three bottles of the BLOOD KEMEDY and

one box of SALVE.

REV. J. T. HUFF, Turner Station, Oregon (refers to Rev. Dr. Frost, Sacramento), cured of Blood Poisoning of many years by use of the BLOOD REMEDY and ULCER SALVE. His letter is a remarkably warm indorsement.

Let doubters refer to Hon. Ira. G. Hoitt, State Superintendent of Public Instruction, Sacramento; L. A. Upson, Sacramento; A. D. Carvell (of Carvell Manufacturing Company), San Francisco; Judge Geo. PREVENTIVE MEDICINE -Dr. C. R. Illingorth thus writes in the Medical Press: One of our great aims as physicians is to prevent disease; another is to cut short its course when developed. Our power in these directions finds full scope among that class of disorders now generally recognized as depending upon the reception, growth and development in the tissues of micro-organic life in one shape or another. By the continual suppression of the growth and development of these forms of cell life, we may, indeed, hope at length to erase the names of the diseases they cause rom the category of those "ills that flesh

there detached from the wood. New woody tissue is formed in the cavities produced by such folds, which is filled with starch at a grains, and after this there is a formation BUI

A Life Made Miserable By dyspepsia is scarcely worth the living. A capricious appetite, heartburn puzzling nervous symptoms, increased action of the heart after eating, sinking in the abdomen between meals, and flatulence after, are among the successive indicia of this harrassing complaint. Two things only are needful for its removal. A resort to Hostetter's Stomach Bitters and persistence in its use. These remedial measure being adopted, a cure is certain. Taken immediately before or after meals, thi great stomachic promotes secretion of th gastric juice, the natural solvent of the food. The nervous and bilious symptom consequent upon chronic indigestion dis appear, as the complaint gradually vields o the corrective and invigorating int

SAN FRANCISCO TURF NOTES .- W. H. Crawford will depart for the East this week with two carloads of horses, a num-ber of which are California purchases. It s Mr. Crawford's intention to locate hir elf on a stock farm in Kentucky. The arrivals yesterday of the blood-horse con tingent were Samuels of Los Angeles with two horses, James Muse with two, and Owens Bros. four. To-day Messrs. Haggin. Depoister, Mat. Storms, Murray, Todhunter and Johnston's representatives will be on the scene. The track will be throroughly raked up in the course of the day. Harry Wilkes will not leave the track as soon as expected, and it is rumored that he may come off about May 1st. Reports Los Angeles are to the effect that

Oliver K. is himself again. It is hardly ikely, however, that either the owners of Oliver K. will put up their money for another match with a 2:12 horse, or that Harry Wilkes' time will be wasted hanging about here.—S. F. Call, April 13th. Hoop's Sarsaparilla is characterized by

hree peculiarities: 1st, the combination emedial agents; 2d, the proportion; 3d, th process of securing the active medicinal qualities. The result is a medicine of unisnal strength, effecting cures hitherto unknown.

Unequaled.

For the relief and cure of all discases of the Stomach, Liver, Kidneys, and Bowels, the value of Ayer's Cathartic Pills cannot be overestimated. This remedy is also unrivaled in curing Rheumatic and Neuralgic affections. For keeping the Stomach, Bowels, and Liver in good working order, I have never found any medicine equal to Ayer's Cathartic Pills. I always use this remedy when occasion requires.-Randolph Morse, Lynchburg, Va.

About five years since, my son became a cripple from Rheumatism. His joints and limbs were drawn out of shape by the excruciating pain, and his general health was very much impaired. Medicines did not reach his case until he commenced taking Ayer's Pills, three boxes of which cured him. He is now as free from the complaint as if he had never had it, and his distorted limbs have recovered their shape and pliancy.

I know Hop Bitters will bear recomm dation honestly. All who use them conferupon them the highest encomiums and upon them the highest encomiums and give them credit for making cures—all the proprietors claim for them. I have kept them since they were first offered to the public. They took high rank from the first, and maintained it, and more called for than all others combined. So long as they keep up their high reputation for purity and usefulness I shall continue to recommend them—something I have never done before with any patent medicine. J. J. BABCOCK,

Physician and Druggist. Kанока, Mo., Feb. 9, 1886. I purchased five bottles of your Hop Bit ters of Bishop & Co. last fall for my daughter, and am well pleased with the Bitters. They did her more good than all the medi-cine she has taken for six years.
